

Graduate for the Finance Graduate Programme

We are looking for a new and committed team member.

Graduate (m/f) for the Finance Graduate Programme

innogy's Finance Graduate Programme serves as a great career entry for qualified, international finance graduates. You can gain work experience and contribute your expertise to projects. For this, you will be provided with profound practical analytical skills. Joining innogy could be the next step of your career. Drive your development and apply!

What you should bring:

- Bachelor or Master degree (or higher) above average either in Business Administration, Economics, Engineering or a comparable discipline, ideally with focus on Controlling, Finance or Accounting
- Knowledge of IFRS/IAS as well as HGB
- Strong analytical skills
- Ability to work independently, carry responsibility
- Motivation and pro-activeness
- Interest in learning quickly and take accountability
- Healthy resilience and confidence
- Strong team-working skills
- Relevant work experience e.g. through internships (this is beneficial but your motivation and passion should shine through in your application)
- Fluent German and English skills in speech and writing

What we offer:

As a Graduate we will offer you space for your own development:

- You will have a graduate advisor who supports you throughout the entire scheme and will be given the chance to choose your own rotations. You can opt from any area of our business such as Controlling, Credit Risk, Accounting, Financing, Portfolio Management, etc.
- Not only an international placement across Europe, but also a placement within our Retail, Grid or Renewables business is part of this programme as well as an international meeting of all graduates from our different locations.
- On top of your professional training and development, you'll complete 4 to 5 placements over the course of your programme, each placement lasting 3 or 6 months long

ARE YOU INTERESTED?

Then please apply solely online until **29.05.2017**: <https://jobs.innogy.com/innogy/job/Essen-Graduate-for-the-Finance-Group-Graduate-Programme-45128/340995601/>

We are looking forward to your complete application documents (motivation letter, CV and relevant certificates). Applications from disabled people are welcome.
