

WORKING AT VAILLANT GROUP.
TAKING CARE OF A BETTER CLIMATE.

Join our team of 15,000 colleagues from more than 70 countries who work every day for a better climate – for people at home and the environment. We work on large-scale, innovative and strategic projects. With small, everyday gestures so that we can all play our part. Act global, work global. And become part of a global team. We sell our products in around 60 countries, using ten production and development sites in six European countries, as well as China.

At Vaillant Group, we can offer you excellent working conditions to harness your potential and provide great job satisfaction. Working for us makes you responsible for the future – your own, and that of our planet.

International Graduate Programme - Finance (m/f/d)

Vaillant GmbH | Remscheid | Germany

WHAT YOU WILL DO

- Grow within two years to become a finance controlling expert (m/f/d)
- By going through different areas such as Group Controlling, Purchase Controlling, Marketing & Sales Controlling or Audit, you will get to know all facets of Finance Controlling
- In order to dare to think outside the box, it is also possible to spend several months in one of our Vaillant Group locations
- With the international graduate programme, you create a starting position for a successful career in the finance controlling area
- Regular evaluations help us to promote you in the best possible way, keep your strengths in mind and then offer you a position which suits you best

WHAT YOU BRING ALONG

- You have successfully completed an above-average master's degree in economics with a focus on finance and/or controlling
- Your sense for numbers as well as first experiences in the areas of finance and controlling are required
- You communicate very well in German and English on all business levels
- Due to your already gained international experience you are able to perform and prove yourself in an international context with confidence

WHAT WE OFFER

- We offer you a flexible start date and flexible working hours through hybrid working methods
- In order to find your way around the Vaillant world as quickly as possible, you will be accompanied by your buddy (former trainee) during the first few months within our coordinated accompanying programme
- Networking events as well as learning & development activities organised both locally and globally
- Our canteen and fitness courses are a matter of course for us
